ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

## SUNDAY NIGHT UNION RED CROSS MEETING

A union meeting of all churches of the city was held Sunday night, Oct. 26, in the Christian Church. Music was furnished by the College Orchestra followed by a choir composed of members from all the choirs. Rev. Geo. Anderson, formerly of Corbin and now a State Worker, spoke in the interests of the Y. M. C. A. and Rev. A. H. Davis told of the State meeting of the Red Cross held at Lexington Oct. 21 and 22, and also of the fine Peace Program which this organization is planning to put on.

After the lecture the chairman appointed a committee which named the Executive Committee and they in turn elected the following officers:

Rev. A. H. Davis, chairman.

Rev. T. J. Belcher, vice-chairman.

James Golden, secretary.

R. W. Cole, treasurer.

Dr. Leslie Logan was chosen for chairman of the Third Red Cross Roll Call.

## REPUBLICAN RALLY

Republican enthusiasm is running high in our County. Saturday as large a crowd as ever seen here at a political gathering attended the speaking at the Court House where Major Jackson Morris, James S. Golden and Congressman Robson addressed them.

If the sentiment of that body means anything Morrow is going to win away ahead.

## FOOT CRUSHED

Roy Dizney, of Gray, employed as a section band at Four Mile, attempted to board a freight train Saturday and fell under the cars. One half of his left foot was crushed off, and how he escaped death is a miracle. He was brought to the Wilson Hospital by Dr. Pierce Martin, where his wound was dressed by Drs. Wilson and Martin. — Pineville Sun.

## UNION COLLEGE GETS BOILER

Wednesday morning brought a cavalcade thru the city which was somewhat unique. It consisted of four horses and six oxen stepping briskly along with the new boiler weighing twelve and one half tons recently purchased by Union College from the Pine Ridge Coal Co. near Four Mile.

With this boiler the efficient engineer, Gus Hauser, will be able to heat the whole College which includes Speed Hall, Stevenson Hall, the Executive Building and Mr. Hauser's dwelling. In the severest weather, also pump the water supply and develop the electricity.

It will be a big job to place the boiler but if there is any job to which Gus Hauser cannot turn his mechanical genius we have no heard of it and inside of two weeks the work will probably be complete.

## LETTER FROM A FORMER CITIZEN

New York, Oct. 25, 1919  
Editor "Advocate," Barbourville Ky  
Dear Mr. Burman:

I hope to be in Barbourville in November and have the pleasure of making your acquaintance. I am glad to tell you that you are making a real live newspaper, such as we need there in Knox County.

Some months ago I was down in your old neighborhood in Texas and saw some wonderful developments in the oil fields.

I enclose herewith my cheque for \$1.50 in payment for my subscription. Please change my address on the mailing list from 895 West End Ave. to 255 West 108th Street.

Yours very truly,  
L. D. Sampson

## A CORRECTION

The news story published last week in the Advocate under the title "Officers Destroy Still" should have been credited to the Pineville Sun.

## UNION COLLEGE NOTES

The Annual Revival began Monday night. The first service was held by Dean Ryder. We are expecting very much good and many to be saved this year.

The Academy Freshies had a very pleasant picnic Monday afternoon and evening. The party went to Long Hill and there had a real college time. When they returned to the Campus they demonstrated some exceptionally good college yell.

Frances Edwards, a member of the Academy Juniors, has returned to Union after a long illness. His class is very glad to have him back and wish in every way to help him make up what he has lost in his studies.

The Dean hasn't arrested anyone as yet.

Mr. Schmidt, one of the traveling secretaries of the State Prohibition campaign, was here Friday and delivered us such a fine lecture that everyone is going to vote the "dry."

The Philonacean Literary Society gave their first program Wednesday evening. This was one of the finest programs ever given in the auditorium. Daugh Smith, President, gave the opening address with such pep and vim that every word was enjoyed by the student body.

The College Freshmen are glad to welcome back one of their faithful members. Mr. Reese Golden, who has been absent on account of illness.

The Self-Governing Association of Speed Hall has grown to be a strong organization. It has so successfully controlled the study hour in the evening, for which purpose it was organized, that President Franklin has permitted this Association to take over new duties other than that of study hour. In this it is also proving a success. The object of the organization is not only to keep the

halls quiet, but to build character by teaching the girls self control. We feel that the organization is rapidly becoming a necessity for our Campus Community Life.

Mr. and Mrs. G. V. Sanders were in Pineville Sunday. Mr. Sanders has charge of the Methodist Church at that place.

The College Orchestra furnished the music for the noon service at the Christian Church on Sunday evening. Good talent was displayed to the appreciation of the audience.

The Freshman College Class had a meeting Wednesday afternoon at which they decided to give a first class play most of the members to take part. Count on the College Freshmen for "pep."

## IMPORTANT LOCAL METHODIST PROGRAM

At a meeting of the Official Board of the Methodist Episcopal Church Sunday afternoon, it was decided to put on the Ceateenary Campaign of Stewardship, Intercessory and Life Service closing with a revival commencing January 1st. The Church at large has set the goal of 1,000,000 souls by June 1st, 1920, and it is hoped that we of the Barbourville Church may be found doing our part in the winning of the lost of the Church as she has been faithful in winning the war.

The Board further agreed to put on an every member canvass this coming Sunday afternoon from 2 to 3 o'clock. It desires that the members of the Church will be at home during those hours so the Stewards will have opportunity to see them. This is the Kingdom's work and let us all do our part and then we shall see the Church prosper.

## RED CROSS NOTES

Rev. A. H. Davis was among the 250 representatives of Kentucky Red Cross chapters at the state conference of Red Cross workers in Lexington, October 21 and 22.

"Kentucky's work in the Red Cross up to this time has ranked very high in the Lake Division," headquarters told Mr. Davis. "It is a matter of pride that our peace time work should maintain the same high standard in the future."

Three hundred thousand dollar memberships is the quota set for Kentucky in the Third Red Cross Roll Call.

## DINNER-BRIDGE

A dinner-bridge surprise party was given at the home of Mrs. T. W. Minton on Thursday night, Oct. 23, in honor of her guest, Mrs. W. C. Morley, of Jackson, Mich., and a very enjoyable evening was spent by all. The surprise was completed and the dinner as it was served was elegant, each guest having brought a share of the good things to eat.

Those present were Mr. and Mrs. T. D. Tinsley, Mr. and Mrs. C. F. Mathison, Mr. and Mrs. C. F. Heldrik, Mr. and Mrs. L. L. Richardson, Mr. and Mrs. Condon, Mr. and Mrs. Dan Herndon, Mr. and Mrs. R. G. Minton, Messrs. McMechan, Edgett, Marcus, Misses Lewis and Nola Minton, Messrs. Will Dishman, C. P. Kennedy, Geo. Tinsley and Clarence L. Banks.

## THE SHEPHERD OF THE HILLS

The author, Harold Bell Wright, with Elsberry Reynolds, his publisher, has formed a company which will be known as the Harold Bell Wright Story-Picture Corporation which will place upon the screen the best known of Wright's works.

This announcement should be of interest not only to the countless millions of Mr. Wright's readers, as well as the leading motion picture producers, theatre managers and all others connected with the promotion of the motion picture industry, for, in placing the stories of Mr. Wright in pictures a wealth of new and fine material will be given to the motion picture camera.

Any one of this author's stories contains enough drama to make several motion pictures, and they should take a pre-eminent place in a field where a dearth of good material is often felt. The first story to be picturized is "The Shepherd of the Hills," perhaps the best loved of all Mr. Wright's stories. The author and his associates have been working for months on this production. The picture has been taken in the heart of the Ozarks and in California. It is a ten reel superproduction with incidental music forming an evening's entertainment.

## SIX O'CLOCK DINNER

Mr. and Mrs. F. W. Scott were hosts at a six o'clock dinner Friday evening in honor of Mrs. J. F. Smith, of Latonia, and Mrs. M. L. Word, of Seattle, Wash. Those present were, Mrs. Carrie Dickinson, Mrs. Guy Dickinson, Mrs. J. F. Smith, Mrs. M. L. Word, Mrs. O. Smith and Mr. and Mrs. Scott.

## Have You Ever Been Able To Save? Try Putting Away A Quarter A Week

"I can't save," a young man said a few months ago.

"Have you really tried?" he was asked.

"Oh yes, but somehow I can't make any headway. I get a little ahead, and then—oh well, it just slips thru my finger," he confessed.

That is the way with so many of us. But that young man is saving now. He is saving REGULARLY.

He tried this plan. It was hard, but he began by saving a quarter a week. Doesn't sound big does it?

But quarters make dollars. It was not the saving of quarters which amounted to so much. It was the habit that was growing on him. He has not raised it so much just two dollars a week, but he is saving regularly and has already saved \$50.00.

### Division Officials Answer Questions About The Peace-Time Red Cross

"Motor Corps, canteens and base hospital units operating under the Department of Military Relief are being reorganized for peace time. First Aid is being promoted in an effort to save lives. Soldiers in camps at home and abroad still have the Red Cross with them."

W. E. Kellogg, Director, Department of Military Relief.

"Red Cross courses in Home Hygiene and Care of the Sick and Dietetics, training and enrollment of nurses for public health service and preparation for community emergencies are making the Red Cross nurse a vital factor in raising health standards at home."

Miss V. Lota Lorimer, R. N., Director, Department of Nursing.

"Disaster and Emergency Relief has been organized. Information Service established and Home Service will, in many cases, be extended to meet the needs of civilian families as needs of soldiers, and their families were met during the war."

Starr Cadwalader, Director, Department of Civilian Relief.

"The Junior Red Cross in American schools is giving a new inspiration in work and play to teachers and pupils alike. It establishes a link with the world and trains the children in the ideal of international neighborliness."

### CAMPAIGN MANAGER ANNOUNCES DIVISION ROLL CALL QUOTA

**T**HE Red Cross Third Roll Call aims to sign up 2,490,000 Red Cross members for Red Cross service in 1920, according to an announcement made at Lake Division Headquarters today by MacKenzie R. Todd, campaign manager for Ohio, Indiana and Kentucky.

Chapters in Ohio, Indiana and Kentucky, which number 357, have been supplied with campaign material from division headquarters in preparation for the November 2-11 drive for Universal Membership.

Cincinnati chapter has sent an order for 70,000 buttons over the number assigned the chapter by division headquarters. Toledo has promised 90,000 at least and Dayton is counting on enrolling at least 53,000 members. Ashtabula has written Mr. Todd asking for double last year's quota.

To date 85 of the 108 Ohio chapters—90 of the 144 Kentucky chapters and 69 of the 105 Indiana chapters have appointed special Roll Call chairmen to conduct local campaigns for members. Red Cross peace service to humanity is as important as the organization's war service, in far-reaching effects for the betterment of humanity.

### KENTUCKY BAPTISTS PUT CAMPAIGN FIRST

Indications Point To Certain Victory In 75 Million Drive.

### Situation There Outlined

Rev. J. R. Black, Publicity Director, Describes Progress In the Blue Grass State To Date.

REV. J. R. BLACK

By REV. J. R. BLACK  
Kentucky Publicity Director

The organization of Southern Baptists for the raising of 75 million dollars for all phases of work fostered by this people has now been pushed out until all of the 18 Southern states have followed the suggested organization. Kentucky is not behind in the number for in the 76 district associations there are now 70 associational organizers, 74 associational publicity men and 60 W. M. U. organizers. It is the purpose to have one of each of these in each association and then in the local church there will be an organizer in addition to the pastor, who is the director, a W. M. U. organizer and three boosters, who will do the publicity work. The organization has also extended until practically all of the 1,850 Baptist churches in Kentucky have these officers in charge and every effort is now being made to bring information and prepare for the great drive which will be made in one week's time, the date of which is November 20 to December 7th.

The state organization is in charge of Rev. O. E. Bryan, Corresponding Secretary of Missions, Louisville, Ky. Prot. John L. Hill, of Georgetown College, State Organizer and Director Georgetown, Ky., and Rev. J. R. Black, Publicity Director, Louisville, Ky.

At the general office in Louisville the most encouraging news is being continually received. The people all over the state are so enthusiastic about the campaign that from every quarter responses are now coming and some churches cannot wait for the drive to be made but are now pledging and giving more than was asked of them. The last message received was from Poplar Grove church in Graves county, which was asked for \$5,000 and after a sermon by the pastor pledges were made and the amount was more than raised. This has been done in many other places.

The information that is coming to the Baptists is probably one of the greatest benefits that is being derived from the campaign. A pastor in a mountainous association who had been preaching for over thirty years and had always maintained a position against the support of the ministry, and who did not believe in missions, stated at the meeting of the district association which he attended that he had learned more in this meeting of what God intended he should do to send the gospel to the other side, as well as to his neighbor, than in all his life before. A layman who had never given to missions, or much to any object of the church, said he wanted to give \$200 a year for the five years of the campaign. A railroad man upon hearing the call gave at once a fifty dollar Victory bond and said this was not to be counted as his part when the drive was made. From these to a great gift of \$20,000 by Mr. George E. Hays of Louisville the Baptist people are being reached and are enthusiastic to have a part in the great undertaking.

The one day in October that will be emphasized above all other days in the fourth Sunday, October 26th, which is the day set aside and known as the day for "Calling Out the Called," Kentucky expects to have at least 300 young people to dedicate their lives for special religious work on this day. Ministers, pastors, Sunday School workers, pastors' assistants, and B. Y. P. U. workers will hear the call for these different lines of service on this day.

One of the most hopeful signs that the Baptists have is the fact that the Southern Baptist Theological Seminary had on October 1st the largest opening of any in the past three years. The W. M. U. Training School at Louisville had 123 young ladies enrolled for special training. Everywhere the campaign has gotten first place in the thinking of the Baptists, and at this time Kentucky Baptists are going forward to do a little of what they have been waiting many years to do.

### SAVING LUMBER WITH GLUE

The development at the Forest Products Laboratory, Madison, Wisconsin, of a water-resistant glue which will hold wood together under severe atmospheric conditions provides many wood users with a new means of saving lumber.

Small waste pieces of wood can be built up into large pieces which are strong as solid pieces and considerably cheaper.

The new laminated-wood construction is already being successfully used in wagon hubs and axles, hat blocks, shoe lasts, athletic apparatus, and airplane parts, all of which are exposed to hard usage and severe moisture conditions.

Detailed information about the manufacture of water resistant laminated wood may be obtained from the director of the laboratory free of charge.

### HUGE SUGAR SALE IN FRANCE

NEW YORK, Oct. 18.—Simultaneously with the prediction today by Arthur Williams, federal food administrator, of a sugar famine in New York by next Tuesday unless the longshoremen's strike is settled the Harriman National Bank published a paid advertisement in an evening paper asserting that the surplus war material recently sold by the United States to France included 22,000,000 pounds of sugar.

"It is obvious," said the advertisement, "that the high cost of living is in a great measure due to an inefficiency of official Washington."

The advertisement added that the war material, "sold for about \$400,000,000 and estimated to be worth \$1,750,000,000, included almost everything in the list essential to our present day needs. The report of the committee on expenditures of the War Department to be made to Congress should show precisely why so valuable a quantity of material was virtually presented to France at the expense of the American taxpayer."

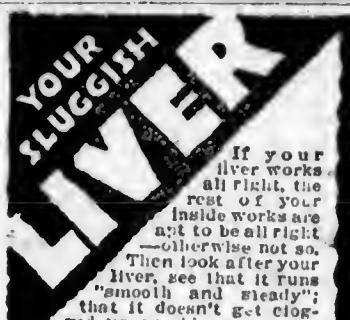

Mr. Williams asserted that a continuation of the strike would result in stores having practically no sugar by the middle of next week.

### HOW ABOUT YOUR BOY?

What is the value of your boy to you and to his community?

Some time back in the prehistoric era and probably antedating the time when mankind had tamed the wild when and organized them in the business of producing "strictly fresh laid eggs," human kind had annexed the bee, or, anyhow, had made a business of robbing the wild bees. Bee farming is a new thing under the sun, but the bees were never before so carefully bred and cross-bred nor so intelligently assisted in the honey-making game as at present.

### Electricity on the Farm.

Electricity is now equal to nearly all kinds of farm work, from irrigation to churning. So far it has not attacked plowing and cultivating, but electricity is not yet through with the farm.

### The Right Word.

A couple of deaf mutes were married the other day. The wedding was truly described as "a quiet affair."—Boston Transcript.

### Not a Summer Resort.

Very few Europeans are able to live in Hyderabad, India, during the summer, and the stalwarts who manage to endure the awful heat do not venture out of doors during the middle of the day at all. The white troops stationed there are not allowed out of barracks from nine o'clock in the morning till five o'clock, or later, in the evening, as the acrobing sun and desert heat have claimed many victims from stroke and heat apoplexy.

### Hardy Chinese Ponies.

The Chinese horse is really a pony somewhat after the type of the western broach. It comes from Mongolia and is known as the Mongolian pony. It is an exceedingly hardy animal, thrives on food on which a western animal would starve, is able to carry heavy loads long distances, and is very useful in many ways. As a racing animal it is characterized by speed and stamina. China exports between 1,500 and 2,000 of these ponies each year.

### Putting It Plainly.

A judge, whose personal appearance was as unprepossessing as his legal knowledge was profound, interrupted a female witness. "Humbugged you, my good woman!" said he. "What do you mean by that?" "Well, my lord," said the witness, "I can't explain it exactly, but if a girl called your lordship a handsome man she would be humbugging you!"

### Putting Off the Dark Moment.

Robert had been arriving home late from school. At noontime his mother told him if he repeated the offense she would punish him. When he came home that evening it was five o'clock and supper was ready. Upon seeing his mother he thought he might coerce her into forgetting, and said, "Mamma, I am nearly starved—let's eat first and talk business later."

### Probably Astonished Pussy.

A cat has been in the habit of sleeping on a rubber mat under a dynamo in Cleveland's power house. Somebody removed the mat and the cat slept on an iron plate. It didn't seem to hurt the cat, but her fur became so charged with electricity that ever since it has stood stiff on end like the bristles of a hairbrush.

We talk of the wickedness of the cities but the fact is that the small town and country districts are every bit as likely to tempt our young men to go astray as is the city, from the fact that they are generally lacking in constructive helpfulness and in promoting the decent get together spirit which helps young fellows to keep each other straight.

Get behind the Y. M. C. A. Give it your time and your money. It may save the moral life of your boy or of other boys and an investment of your time and money cannot be better made.

Think of some of the boys you know and try to realize what they might have been had they fallen under other and better influences, such as the Y. M. C. A. offers.

Up to the present, Knox County has reason to be ashamed of its poor support of this splendid work.

### Seek Truth Even in Error.

There is no error so crooked but it bath in it some lines of truth, nor is any poison so deadly that it serveth not some wholesome use. Sprn not a seeming error, but dig below its surface for the truth.—Tupper.

### Good in Discontent.

A lot is said about contentment, but discontent has its value, too. It is the mainspring of progress. A man must be discontented with what he has before he will try to better his circumstances.

### World's Best Climber.

The world knows no better climber than the Rocky mountain sheep.—Cottage Daily Journal.

### Big Dye Factories.

Japan has 80 dye factories, with an annual capacity in excess of 10,000,000 pounds.

**ALL-TIME HEALTH OFFICER**  
The necessity for an all-time Health Officer in Knox County is shown by the following report from the Department of Vital Statistics showing the deaths in Knox County during the year 1918.

Estimated population of Knox County 26,068. Total deaths (still-births excluded) 491. Of this total the following number occurred from preventable diseases, viz:

Tuberculosis of the lungs,	28
Other tuberculosis,	1
Typhoid fever,	10
Diphtheria, croup,	5
Scarlet fever,	2
Meningitis,	12
Whooping cough,	34
Pneumonia, broncho pneumonia,	42
Diarrhoea, enteritis, under 2 yrs	19
Meningitis,	11
Influenza, (in grippa)	160
Puerperal septicemia,	2
Other diarrhoeal disease	14

The establishment of the Department of Health, with an all-time health officer will do more toward eliminating these preventable diseases than any other step which the people can take. Preventable diseases are such as, by the exercise of sound and right sanitary laws and measures, can be reduced, prevented and eliminated.

Vote for the All-time Health Officer. Vote "Yes" on the proposition of establishing the Department when you take your ballot at the November election.

### CONCERNING SMALLPOX.

The following is an editorial from the Louisville Times of Oct. 11 and is worthy of repetition:

No sympathy should be wasted upon those parents of Mercer County who refuse to have their children vaccinated against Smallpox in accordance with the orders of the County Board of Health. If this vaccination were in the form of an experiment, the effect of which upon the health of the children were unknown or doubtful, the situation would be entirely different, but as the matter now stands there is no excuse for the recalcitrancy that would keep the health of all the children in the county in risk merely to gratify a pig headed notion foisted no doubt by some fanatic society or individual.

The news from Harrodsburg says the objectors to the vaccination order have received much mail and commendations from all points. So much the worse for those who commend such action. The merits of vaccination against Smallpox have been established through a

trict for the creation, establishment  
and maintenance of a county depart-  
ment of health for the prevention  
and control of epidemics and com-  
municable sickness as determined by  
the State Board of Health. And to  
this end, that the propositions of es-  
tablishing said county as a district  
for the creation, establishment and  
maintenance of said department of  
health be submitted to the voters of  
said county at the coming November  
election, 1919, as provided in Chap-  
ter 65, page 236, of the Act of the  
General Assembly of Kentucky, of  
1918.

### Personal Mention

Mother Cole is on the sick list this week.

R. B. Minton is in Harlan this week on business.

The Annual Revival is going on at Union College.

James A. West, of Brush Creek, was in town Thursday.

Croley and Sears have moved into their new store.

Raymond Overly spent the week end out of town.

Miss Fanny Lunsford has been ill for the last few days.

Ivey and Mrs. Creal are out of town for a few days.

Mrs. Sam Lewis is quite sick at their home this week.

S. A. Elam and wife, of Middlefork, were in town Thursday.

Rev. W. T. Butler was in Middlesboro Sunday.

Ivey, A. B. Gwyn held a baptizing at Yeager School House Monday.

Mrs. John Lawson and Miss Edna returned from Knoxville Monday.

Mrs. Elizabeth Archibald has accepted a position in Middlesboro.

Mrs. T. H. Hayden, Jr. spent last week with her husband at Corbin.

Clarence Wood, of Lexington has been visiting friends in Barbourville.

T. W. Minton has returned from a business trip to Virginia and Tennessee.

Mrs. Watson, of Ely, spent Sunday at the home of her uncle, Dr. Wm. Burnside.

Mr. Elliott, Y. M. C. A. Secretary from Straight Creek, spent Sunday in town.

Miss Jewel Tye, who is in College at Lexington, spent the weekend with home folks.

Mrs. Kate Potter, of Manchester, stopped over for a visit with Mrs. John A. Black.

Cumberland Council 165 R. A. M. will meet Monday evening, Nov. 3rd, at 7:30 p.m. All members requested to be present.

W. C. Black, T. I. M.

S. C. Niles, popular L. & N. agent at Harlan, has resigned to go into business. He was formerly in Barbourville with the L. & N.

Cecil Maxey spent Sunday with home folks. He has been in the Harlan office of the L. & N. but has been promoted to the position of relief agent.

Tuesday night a great many wild geese were heard passing overhead on their way south. This is said to be a sure sign of approaching cold weather.

Mr. Geo. Anderson, former Secretary of the Y. M. C. A. at Corbin, and now in the State work, made a fine talk at the Presbyterian Church on Sunday morning.

James Bright has just received a beautiful gold mounted fountain pen, engraved with his name, from the Southern Book Supply Co. for selling eighty-six dollars worth of books on the Fourth of July.

The little baby girl that came to the home of Mr. and Mrs. Lyman Benjamin on Sunday lived only one day. The sympathy of their many friends is extended to Mr. and Mrs. Benjamin in their loss.

Mrs. J. G. Tye entertained with a six o'clock dinner on Wednesday in honor of Mrs. Duncan, of Richmond, Ky. White chrysanthemums were used in profusion in decoration. Those seated at the table were:—Judge and Mrs. J. S. Miller, Mrs. Duncan, Dr. and Mrs. J. G. Tye.

Voters interested in political matters sometimes fail to vote upon other questions of public importance, into which no question of politics enters. Thus progress is often balked by negligence. Do not forget the all-time Health Department. Do not fail to vote "yes."

Mrs. Chas. F. Rathfon and Mrs. Maud Marcum were hostesses Monday for a delightful four o'clock tea given in honor of Mrs. W. C. Morrey, of Jackson, Mich. The guests present were Mrs. Morrey, Mrs. T. W. Minton, Miss Nola Minton and Mrs. R. P. Black.

Mrs. Wm. Burnside and daughter Mrs. E. B. Dishman have returned from Louisville. On their way they visited K. C. W. in Danville, where Miss Cecil Byrley Mrs. Burnside's grand-daughter is attending school. They report that Misses Roberta Cole and Mary Agnes Holdrick, who are also attending that college, are doing good work and are very well satisfied.

**WOMAN'S STUDY CLUB**

The Woman's Study Club will meet Tuesday, Nov. 4th, with Mrs. James S. Golden as hostess. Mrs. George Tye, chairman, assisted by Mrs. J. D. Taggle and Miss Nola Minton will discuss the following topics: "Benefits of Italian Travel," "Church Art in Rome," "Morning Stars in Italian Art."

**James Stucky Says, "Rat Cost Me \$125 For Plumbing Bills."**

We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Costellow Drug Company.

**Can Now Eat and Sleep in Comfort.**

If troubled with Indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self, I suffered from continual headache, was unable to digest my food, while seemed to lay us a dead weight on my stomach, I was very constipated and my complexion became very dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

**A FAMILY MEDICINE**

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

**Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes:** "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify that trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regularly until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's the original and genuine. B 70

**These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.**

It's hard to keep rats out of a food store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Costellow Drug Company.

**NOTICE**

We have received a number of complaints that the Advocate is not being delivered to subscribers and wish to take up the matter with the Postmaster General.

Will our subscribers who fail to receive the paper regularly advise us so we may quote definite cases.

**POISON  
LIKE UNTO  
VENOM of Snakes**

Professor H. Straus, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or "dizzy," nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store, "An-uric" (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

**ARTHEMUS NEWS**

We had a big speaking here Saturday night. There was a large crowd and from indications, Edwin P. Morrow will carry here to a man.

Nannie Stickley and her sister Liza and Panine Bargo, of Harbourville were the guests of Mr. and Mrs. Mabel Hammons Sunday.

**NOTICE**

Notice is hereby given that an election will be held on the 4th day of November, 1919, in precinct No. 25, to determine whether it shall be unlawful for cattle, general stock law, hogs, cattle, sheep, horse stock and fowls and everything in the way of stock, to run at large in said precinct.

Given under my hand this 1st day of October, 1919.

**RED CROSS WEEK**

There has been much said about the splendid work of the American Red Cross both in peace and war times, and even louder than the spoken and written words speaks the unspoken service which it has done.

Beginning November 2nd, and continuing throughout the week, the people of the United States are asked to support a peace program which will continue the work on an enlarged scale. To each person is made the appeal—if you believe in the work of the organization and are willing to continue it, express your willingness by wearing a 1920 membership button.

Of the Red Cross band it does not take

Great wealth to be a part.

It does not take great rank of power.

Just a dollar and a heart!

## RAISED FOR HOSPITALS

A modern hospital illustrative of the type of buildings Southern Baptists are employing in the relief of human suffering.

In their work of relieving human physical suffering Southern Baptists at present own and control fourteen hospitals and there are under course of construction and about ready to be opened at least two more, with considerable progress made toward the erection of others. All of these institutions are liberally patronized and are self-supporting but all of them need to be enlarged in order to meet the rapidly-growing demands upon them. The demand for charity work is especially urgent and in order to enable them to thus render a needed service to those who are least able to help themselves as well as to provide larger facilities for the regular work the hospitals are doing the sum of \$4,800,000 has been apportioned to them from the proceeds to be raised in the Baptist 75 Million Campaign.

This work of relieving the physical infirmities of man, women and children and thus putting them on the

## BAPTISTS PLAN RECONSTRUCTION PROGRAM

**BODY CHARGED WITH DUTY OF OUTLINING HOW 75 MILLION CAMPAIGN CAN PROMOTE THAT TASK REACHES FIELD—DR. LOVE OUTLINES THE NEED AND ISSUES CALL**

To make a general survey of the European mission, Dr. Love made the following statement outlining the purpose of the commission:

"When the call came to help save promote and secure democracy in Europe there came a louder call to help save, promote and secure evangelical Christianity in Europe. That which alone will now preserve and perfect the democracy for which brave men have died on the battlefield of Europe is the Christianity of the New Testament. Southern Baptists can not longer profess New Testament Christianity and decline a challenge like that which is now presented to them to bear witness to their faith among the peoples of Europe. Our people never before faced such a challenge and such a trip."

Of course we can not go to the men and women of Europe who have been stripped of earthly fortune and reduced to dire necessity with message of Christian love and brotherhood if we decline in our abundance to carry some substantial pledge of our love and compassion. Mothers will not be able to stay the crying of their little ones to hear us preach if we decline to practice the gospel of compassion and feed these little ones and build fires at which they can during the long winter warm their frosty toes.

Southern Baptists are under the most solemn obligation to help relieve the want and suffering of Europe. But if there were no reconstruction work in Europe, Southern Baptists have motives numerous enough and strong enough to compel them to make a complete success of the Baptist 75 Million Campaign, and a considerable sum from this campaign will go toward helping needy families of Baptists and others in the war-torn regions as well as in the propagation of the gospel and the establishment of Christian institutions there, it is announced.

There are approximately 4,260 Baptist churches in Europe today, with 5,000 pastors and missionaries and 566,800 church members, it is announced by the headquarters of the Baptist 75 Million Campaign, and a considerable sum from this campaign will go toward helping needy families of Baptists and others in the war-torn regions as well as in the propagation of the gospel and the establishment of Christian institutions there, it is announced.

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To prevent such colds overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickness after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

### TEACHERS' UNIONS

Among the professions which in the past have been left to public generosity in the matter of salary remuneration is the teaching profession and public generosity has been careless to say the least. The politician and the school board have looked upon the teacher as a chump who has had no more sense than to engage in a profession which offers only the poorest kind of a living and as a consequence deserves little consideration. Truth to tell that is what the teacher has received.

But, whatever kind of a worm he has been in the past, the teacher has decided to turn and in turning politician and school board have made the astonishing discovery that the worm has developed a spine and has evolved into something that cannot be trodden on without a come back.

The time has arrived when the teachers have decided that in union there is strength—strength to demand proper remuneration and, we trust, for the sake of the pupils also, decent schools. In which to teach.

Because we, as citizens, have failed to realize the importance of the teaching profession in no way lessens that importance and we shall be compelled to do our duty toward the men and women who have labored to make decent citizens of our
